The didactic and organizational aspects of each degree course are ruled by the relevant didactic regulations, available on the Department’s website. The didactic regulations for the academic year 2023-2024 will be available starting from May 2023.

**Language placement test**

With the exception of the degree course in Languages, Literatures and Intercultural Communication L-11, all courses require a language placement test to assess the level of preparation in an EU
language (English, French, Spanish, German), which will take place at the same time as the test assessment of basic knowledge. The score obtained in the language placement test does not affect the result of the test and is not binding in any way to proceed to enrollment.

When registering for the placement test it is necessary to select the language for the language placement test.

For the degree courses in Communication Sciences (L-20), Economics (L-33), Economics and Big Data (L-33), Economics and Business Management (L-18), Geological Sciences (L-34) and Optics and Optometry (L-30) English is mandatory.

In the case of TOLC tests, the test is replaced by the section for the English language proficiency test consisting of 30 questions.

Students who enrol without having taken the language placement test must take it at a later date in accordance with the schedule that will be published on the University Language Centre’s website https://cla.uniroma3.it/. On the same site, all information and provisions on language proficiency and the language placement test will be published.

Test result

The result of the test and the consequent score can be consulted online.

The result of the test may lead to the assignment of additional educational obligations (called OFA) to be fulfilled within the first year according to the rules of the degree courses, as indicated in the attachments to the call of admissions and in the Didactic Regulations.

These obligations are automatically assigned in the event of not taking the test on the dates indicated in the annexes to this notice.

Enrollment

The enrollment procedure is carried out online according to the schedule indicated in the attachments to the call for admissions and in the table “Schedule” of this adapted version in English. It is considered completed only with the payment of the first installment of fees by October 16, 2023.

In order to complete the enrollment, it is necessary to upload the following documents in your private area, under penalty of enrollment suspension:

1. scanned copy of the signed application form;
2. passport size photo;
3. scanned copy of a valid identity document;
4. if in possession of a foreign qualification, relevant documentation required by the Regolamento per l’ammissione ai corsi universitari con titolo estero e per il riconoscimento dei titoli esteri;
5. if non-EU citizens, copy of residence permit/visa.

It is allowed to enrol after the deadline, with an extra charge of 60 euros, as established in art. 8, paragraph 2, of the Regolamento Tasse.
Please note

Students enrolling with a foreign admission qualification must previously deliver the relevant documentation to the Office for Foreign Students / Ufficio Studenti con Titolo estero e Programmi di Mobilità d’Ateneo:
Via Ostiense 129, 00154 Roma
Ph: +39 06 57332850;
Requests: https://portalestudente.uniroma3.it/chi-siamo/area-studenti/segureterie-studenti/

Fees

All fee regulations are contained in the Regolamento Tasse published in the Portale dello Studente.

Important

As a result of the legislative changes on student fees introduced by Law 11 December 2016, no. 232, "Budget Law 2017", in order to calculate the first installment of fees, it is necessary to submit the ISEE declaration for university benefits. The declaration can be submitted as early as January 15, 2023. At the time of registration for the test assessment of basic knowledge or enrollment or renewal of enrollment you must authorize the University to acquire the declaration from the INPS database. Failure to submit the declaration will result in automatic classification in the highest bracket.

Please note

Tuition payments are made through the “PagoPA” method. PagoPA bills can be paid through the app IO, online with a credit card or at the over 350 Payment Service Providers (PSPs) participating in PagoPA. The complete and updated list of PSPs is published on the AGID website: https://www.pagopa.gov.it/it/dove-pagare/.
For courses that require TOLC tests, the payment methods for the test registration fee can be found on the CISIA portal www.cisiaonline.it.

Scholarships, housing, canteens, and other services

Some degree courses may provide scholarships specifically intended for those who enroll, on the basis of incentives specifically provided for by the MIUR through the “Fondo Giovani - Incentivi alle iscrizioni a Corsi di studio inerenti ad aree disciplinari di particolare interesse nazionale e Piano Lauree Scientifiche”, which may concern in particular the degree courses of the Department of Engineering, the Department of Mathematics and Physics and the Department of Science.

Every year the regional body for the right to study and the promotion of knowledge, DiSCo Lazio, makes available a series of competitive services, in particular scholarships, accommodation, grants for international mobility and degree awards. The call for admissions is published every year on the website https://www.laziodisco.it/.

In addition to the competitive services, DiSCo Lazio provides the canteen service and other general services, all described on its website.
E-mail for institutional communications

Roma Tre mailbox is the only channel used to send communications from the offices.

The University provides a mailbox (nom.cognome@stud.uniroma3.it) which can be accessed with the same credentials used to access online services.
